FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.203 set out the fee guideline for the reimbursement of workers' compensation professional medical services provided on or after March 1, 2008.
3. The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
 - P300-The amount paid reflects a fee schedule reduction.
 - Z710-The charge for this procedure exceeds the fee schedule allowance.

Issues

Is the requestor entitled to additional reimbursement for anesthesia services provided on July 12, 2016?

Findings

The requestor is seeking dispute resolution for additional reimbursement for anesthesia services, CPT code 01630-QZ, rendered on July 12, 2016. Anesthesia services are applicable to the rules set out in 28 Texas Administrative Code §134.203.

The requestor contends that reimbursement is due because "The Carrier has issued a payment for our service but not the correct allowable per the 2016 Texas Workers Compensation fee schedule."

28 Texas Administrative Code §134.203(a)(5) states, "Medicare payment policies" when used in this section, shall mean reimbursement methodologies, models, and values or weights including its coding, billing, and reporting payment policies as set forth in the Centers for Medicare and Medicaid Services (CMS) payment policies specific to Medicare."

28 Texas Administrative Code 134.203(b)(1) states, "For coding, billing, reporting, and reimbursement of professional medical services, Texas workers' compensation system participants shall apply the following: (1) Medicare payment policies, including its coding; billing; correct coding initiatives (CCI) edits; modifiers; bonus payments for health professional shortage areas (HPSAs) and physician scarcity areas (PSAs); and other payment policies in effect on the date a service is provided with any additions or exceptions in the rules."

The requestor billed the disputed anesthesiology service using CPT code 01630-QZ -Anesthesia for open or surgical arthroscopic procedures on humeral head and neck, sternoclavicular joint, acromioclavicular joint, and shoulder joint; not otherwise specified."

To determine the MAR the following formula is used: (Time units + Base Units) X Conversion Factor = Allowance.

The Division reviewed the submitted medical bill and finds the anesthesia was started at 0706 and ended at 10928, for a total of 142 minutes. Per Medicare Claims Processing Manual, Chapter 12, Physicians/Nonphysician Practitioners, Payment for Anesthesiology Services Section (50)(G) states "Actual anesthesia time in minutes is reported on the claim. For anesthesia services furnished on or after January 1, 1994, the A/B MAC computes time units by dividing reported anesthesia time by 15 minutes. Round the time unit to one decimal place." Therefore, the requestor has supported $142/15 = 9.46 = 9.5$.

The base unit for CPT code 01630 is 5.

The DWC Conversion Factor is \$56.82.

Using the above formula, the MAR for CPT code 01630-QZ is $9.5 + 5 \times 56.82 = \$823.89$. Previously paid by the respondent is \$681.84. The difference between MAR and paid is \$142.05. The requestor is seeking a lesser amount of \$140.35; this amount is recommended for additional reimbursement.

Conclusion

For the reasons stated above, the Division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$140.35.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code Sections 413.031 and 413.019 (if applicable), the Division has determined that the requestor is entitled to additional reimbursement for the services involved in this dispute. The Division hereby ORDERS the respondent to remit to the requestor the amount of \$140.35 plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this Order
